CONSENT ORDER

Health and Safety Code
Section 25187

The California Department of Toxic Substances Control
(Department) and Parc Environmental (Respondent) enter into this
Consent Order and agree as follows:

1. Respondent generates, handles, treats, stores,
and/or disposes of hazardous waste at the following site: 2706
South Railroad Avenue, Fresno, California 93725 (Site).

2. The Department inspected the Site on August 20,
2003.

3. The Department alleges the following violations:

3.1. Respondent violated California Health and Safety
Code, section 25201(a) and California Code of Regulations, Title
22 (22 Cal. Code Regs.), section 66262.34 in that on or about

August 20, 2003, Respondent stored hazardous waste without holding a hazardous waste facility permit or other grant of authorization from the Department to use and operate the facility. At the time of the inspection, there were four 55-gallon drums containing used oil that were stored beyond the 90-day limit pursuant to 22 Cal. Code Regs. Section 66262.34.

3.2. Respondent violated California Health and Safety Code, section 25201(a) and 22 Cal. Code Regs., section 66263.18 in that on or about August 20, 2003, the Respondent stored hazardous waste without holding a hazardous waste facility permit or other grant of authorization from the Department to use and operate the facility. Specifically, Respondent stored (a) asbestos (manifest #22250184) four days; (b) non-RCRA hazardous waste solid (manifest #22208599) two days; and (c) asbestos (manifest #22250230) seven days over the maximum time allowable, thus not meeting the requirements of the transfer facility exemption as required in 22 Cal. Code Regs., section 66263.18.

3.3. Respondent violated 22 Cal. Code Regs., section 66262.34 in that on or about August 20, 2003, Respondent failed to label four 55-gallon drums containing hazardous waste located in the yard. At the time of inspection, four 55-gallon drums containing used oil were not labeled pursuant to this section.

3.4. Respondent violated 22 Cal. Code Regs., section 66262.11 in that on or about August 20, 2003, Respondent failed to determine if four 55-gallon drums containing unknown liquid waste and stacked on a pallet contained hazardous waste.

4. A dispute exists regarding the alleged violations.

5. The parties wish to avoid the expense of litigation and to ensure prompt compliance.

6. Jurisdiction exists pursuant to Health and Safety Code section 25187.

7. Respondent waives any right to a hearing in this matter.

8. This Consent Order shall constitute full settlement of the violations alleged above, but does not limit the Department from taking appropriate enforcement action concerning other violations.

9. Respondent does not admit the violations alleged above, except as follows: Respondent admits the facts alleged above for the purposes of any subsequent action brought pursuant to the Hazardous Waste Control Law, Health and Safety Code section 25100 et seq., within 5 years of the date the violation occurred.
